Well, another year has come and gone.

It is so sad to see it go. Well, I can't wait for graduation, I don't know what I'm going to do but I'll find something.

Well, stay crazy, have fun in the future, may your baby be a boy, and raise him and love him the best way you can. Best wishes over the summer.

Publishing a yearbook this size is a challenge that I could only have met with the aid of my advisor, Mr. Morel, and my hard-working staff, who were there when times

got rough. As I think about the rushed deadlines and the headaches experienced in producing this book, I also think about the classic memories which the staff and I were able to capture for the student body.

I just hope you have as much fun reading this annual as we did in putting it together for you. My staff and I would also like to thank you, the Groves High student body, for making this a truly classic year.

Can you still remember those first exciting days of school? Do you remember the questions your mind formed as you anticipated the coming year? As you walked through the halls those first few days you tried to imagine what the year would be like. Hopes and fears ran through your mind, almost faster than you could think, creating a glittering

collage of aspirations for the year. You wondered—who is going to be Homecoming Queen?

Will the football team have another good year? What about the Prom? Will I pass English? The swimming sea of faces around you, some familiar and others new and unknown, brought you back from your thoughts to what was actually going on. It was

almost palpable, as if you could reach out and touch it. The whole school seemed to be holding its breath—waiting for something to happen. Even in those first days you knew that this was something different, something special. Now, looking back, you know that what you felt then was true. This year was destined to be a truly Classic Year at Groves.

Remember, do you remember? . . . the laughter and the tears? . . .

The shadows of misty yesteryears? . . .

The good times and the bad you've seen . . .

And all the others in-between . . .

Remember . . . Do you remember the times at Groves that you hold so dear . . .

Remember . . . do you remember that “Classic Year”?

On entering Groves High School this year each of us felt the mixture of apprehension and pleasure that comes with a new school year. As feeling matured and grew stronger it began to envelop all of us. The feeling was excitement—and it was everywhere. It extended its arms to

surround everyone from the graduating class to the new and eager freshmen. From the very beginning we could all tell that 1986-87 would be different, a special year at Groves.

As we look back on the fun-filled days of the school year, we think about all of the good times we've had here at Groves.

The friends we've made, the laughter we've shared, the fun we've had at pep rallies, football games, and just hanging around in the halls have meant so much to each of us. All of our good times here have blended together to make 1986-87 one of the best years in Groves High's history—a truly classic year.

"Freefare," a Christian rock band, played for Groves High School last spring during a school-wide assembly. The band brought a special message for teenagers as they sang

popular songs and performed skits. The Florida-based group travels extensively throughout the Southeast, performing expressly for high schools.

Administration—Faculty

Effective Leadership Sees “Year of Changes” To A Successful Close

The “Chief”

The 1986-87 school year will long be remembered in Chatham County as a “year of changes.” Not only was there a new school board president elected and new members elected to the Board of Education, but students at Groves and other county schools found this year greeting them with many changes.

Among these were structural changes in the curriculum, a minimum passing grade of 70% for course work, the change from letter grades to numerical grades, and a ban on student smoking on school property. School personnel will be prohibited from smoking on school property after June of this year.

The Board of Education makes administrative policies, such as these, and it is the job of each school’s leadership team to implement them as smoothly as

possible at their respective schools. Groves High is very fortunate to have a very effective and competent administrative duo.

Principal Wayne Bland, in his second year as the “Chief” at Groves, has worked very diligently to see that the school operates at its best, especially during this transitional period. Teachers and students alike find him firm, fair, and very understanding when dealing with problems in the curriculum, personnel matters, and in student discipline.

Mr. Bland seems to have endless energy, and he is always “brainstorming” for better ways in which to improve the quality of education at Groves. An alumnus of GHS, he is particularly optimistic about its future and the future of education in Chatham County. He is very proud of the teachers and students at Groves. He believes Groves may have the best faculty of any high school in the Savannah area.

Of course Mr. Bland is not alone in his administrative role. He is very ably assisted by Mr. Bill Thaggard, our assistant principal. Mr. Thaggard, a 25-year veteran on the Groves High staff, daily handles attendance and discipline matters.

People do not always like change and, honestly, there were students at Groves who were disturbed by traditional standards being altered. Mr. Bland can be thanked for making the “transition” much easier.

Groves High School ended its 29th year successfully. Teachers worked hard, students studied and learned, but it is very correct to state that Mr. Bland and Mr. Thaggard can be considered the motivating forces behind that success.

Wayne Bland and Bill Thaggard—two good men effectively leading a first-rate high school!

Groves was re-accredited by the Southern Association of Colleges and Schools last spring. Mr. Bland (right) and Mr. Thaggard (second from left) smile with relief when the announcement was made by the SACS visiting committee.

Mr. Bland addresses the Fall Sports Banquet.

Rebecca,
We have only gotten to really
know each other this past
semester - but it seems like a
life time. We have really had
some great times in the "Punkin
Patch". I'll never forget the time
we had a sub. and we were
all closed up in that tiny room -
we made so many plans. I
can't believe that this is
finally it! I only wish that we
had become friends 3 years
ago. I will always remember
you and all the good times
that we have had. Thanks
for always listening when I
needed a friend.
The best of luck for what
ever you do. And take care
of that baby.
